---

I beg to thank you and the Government of Madras for ordering suspension of the Dead rent on Gunda Manganese Mine until trade conditions improve. The time granted to me for the closure of the mine for a period of two years expires on the 16th February 1933. The trade conditions have not improved and this mineral has no market at present although I strongly hope that things are bound to improve in the near future. I now request you to perm the closure of the mine for a further period of one year. In the mean time if the market improves the working of th mine will be resumed and the fact will be intimated to yo
